

The BPFC027 Series is a kind of bi-metal parallel groove connector, and it designed to connect aluminium conductors and copper conductors. Advanced forging technology enhances the mechanical strength of the clamp.

Mechanical Dimension (mm)

Model	Conductor Size(mm ²)		Bolts
BPFC027-50	Cu6-50	AL16-70	1
BPFC027-95	Cu10-95	AL25-150	2
BPFC027-185	Cu16-185	AL35-200	2
BPFC027-240	Cu35-240	AL35-300	3
