

The BPFC033 Series is a kind of dead end clamp, it is suitable for strain clamp insulation string of 10Kv aerial insulation aluminum core wire JKLYJ terminal or two ends fixing and tighten aerial insulation. The body is made of anti-oxidated high strength aluminum alloy. The core of wedge is made of insulated reinforce plastics, withstand voltage $\geq 18\text{Kv}$ not breakdown one min.

Mechanical Dimension (mm)

Model	Dimension(mm)				Wire Range(mm ²)	Gripping(kN)	Rated Failure Load(kN)
	b	d	D	L			
BPFC033-1	108	10	18	160	JKLYJ-35 JKLYJ-50	5.3	5.8
BPFC033-2	108	10	20	160	JKLYJ-70 JKLYJ-95	11.0	12.0
BPFC033-3	128	10	23	170	JKLYJ-120 JKLYJ-150	11.0	12.0
BPFC033-4	128	10	27	170	JKLYJ-185 JKLYJ-240	11.0	12.0
