

The BPMB1301 series meter box is especially designed for smart single phase meter and smart three phase meter at the same time with MCB(Micro Circuit Breaker) as optional.

Electrical Specification

Model	Dimensions (HxWxD, mm)
BPMB1301-400	400x210x121
BPMB1301-550	550x315x138.5
	Dimensions can be customize by customer

Mechanical Dimension (mm)

Application

- Electrical substation
- Home
- Factory
- Building

Feature

- Water absorption $\leq 0.1\%$
- Ingress protection IP54
- Resistance to mechanical shocks IK09
- Flammability UL94-V0
- Self-extinguishing SE
- Mechanical strength 64MPA
- Flexural strength 103MPA
- Light transmission (Transparent window) $> 88\%$
- Maximum operating temperature $85^{\circ} C$
- Installation type
Wall mounted / Pole mounted
- Installation location Indoor / Outdoor
